DRS. NICOLAS & ASP

A bastion of reliability, care and impeccable service, their persistent efforts in redefining the standards of patient care in this part of the world have been well received and appreciated by thousands of faithful patients over the decades. With a motto as meaningful as "Caring is our concern", Drs. Nicolas & Asp Centers throughout Dubai uphold a philosophy that has brought a smile to many.

For almost twenty years, the "Care Philosophy" of Drs. Nicolas, Sven and Joan Asp that is shared by their globally handpicked Dentists, Dental Specialists and Dental Professors is still the driving force in their everyday challenge defined as excellence in patient care.

Patient satisfaction, patient retention and patient recommendation are the genuine rewards that the 180 clinical and non-clinical staff members value and strive for. With their loyalty, these valued patients have made them the largest private dental healthcare provider in UAE with six branches serving Jumeirah, The Marina Walk, Midriff, Green Community, Dubai Healthcare City and Jumeirah Beach Residence.

Prevention is an important corner stone in the Dr Nicolas & Asp mission for patient care. Prevention is meant to empower families with enough tools to maintain and enjoy a happy and healthy life.

At Drs. Nicolas & Asp, a firm belief in the "boutique operation" concept means that their teams will always be focused on offering bespoke services to a unique clientele who have consistently valued their philosophy of **"Caring Is Our Concern"**.

Community Service

Drs. Nicolas & Asp has recently celebrated the tenth anniversary of its "Small Mouths" program for children. It aims at educating school children; most of them our patients' children; the proper oral hygiene measures, healthy eating, child health and safety. Launched in 2000, Drs Nicolas & Asp was the first provider to introduce a dental school education programme in Dubai. Drs Nicolas & Asp has given dental education sessions to more than 13,500 students between 2009-2010, visiting over 71 schools and nurseries.

ACHSI Accreditation

The globally renowned and well established health care accreditation organization, The Australian Council on Healthcare Standards (ACHS) International has successfully accredited Drs. Nicolas & Asp based on the internationally recognized ACHS standards and program, which are accredited by the International Society for Quality in Health Care (ISQua). Drs. Nicolas & Asp is proudly the first private health care provider to receive this world class recognition in the United Arab Emirates. Drs. Nicolas & Asp recognition by ACHS International as an accredited health care provider is a world class achievement highlighting our quality performance standards in delivering health care services. Drs. Nicolas & Asp believes that international accreditation is essential in maintaining our patients' continued trust and confidence in our ethical, safe and consistent quality of health care practices.

The Professional Community

NICOLAS & ASP UNIVERSITY COLLEGE. "The First University College to be accredited for Postgraduate Dental Education in the UAE", offers Masters in Orthodontics, Masters in Pediatric Dentistry and High Diploma In Oral Implantology.

For more information on the programs offered, visit www.dubai-postgraduate.com

We are open from 8:00 am to 8:00 pm, Saturday to Thursday. However, we offer a 24 hours dental emergency if the need should arise. You can contact us for any services that you or the family may need.
