Cinder Toffee

Ingredients

2.2oz. sugar
1oz. golden syrup
1tsp. baking soda

Preparation

- 1 Line a small baking tray with baking parchment
- 2 Allow the sugar and syrup to melt in a saucepan without stirring, just shake it a little to ensure that it combines
- 3 Once the mixture has turned a deep golden colour drop a little bit into a glass of water, if it becomes a firm ball, it is ready
- 4 Quickly whisk in the baking soda and pour the bubbling mixture into a lined baking tray and allow it to cool
- 5 Break up into pieces to serve- it looks cute in brown paper bags
