## Thanksgiving Gravy

## Ingredients

Drippings from your Thanksgiving roasted turkey  
1 tbsp cornstarch  
2 tbsp water

## Preparation

- 1 Once you have removed the turkey from the roasting pan, remove as much of the grease from the drippings.
- 2 Transfer the drippings to a saucepan and place on the hob over a medium heat.
- 3 Mix the cornstarch and water so that no lumps form and add slowly to the drippings until the desired thickness is reached.
- 4 Transfer this to a gravy boat and serve with your Thanksgiving dinner.

## Cooks Note

If you have a lot of drippings leftover, you can increase the amount cornstarch and water to make more gravy.
