Brownie walnut cookies

Ingredients

All Purpose Flour: 1 cup

Unsalted Butter (at room temperature): 1/4 cup or 65 grams

Caster Sugar: 1 cup

Chocolate Chips or any chocolate of your choice: 3 oz or 1/2 cup

Eggs: 2

Vanilla essence: 1 tsp Baking powder: 1 tsp

Walnuts (chopped): 1/2 cup lcing Sugar: to sprinkle

Preparation

- 1 Using the double boiler method, melt the chocolate chips and butter over low heat and set aside to cool.
- 2 In a bowl, whisk together the caster sugar and eggs until it forms a creamy mixture.
- 3 Add the eggs (one at a time) followed by the vanilla essence and mix again.
- 4 Once the melted chocolate has cooled add that to the batter.
- 5 In a separate bowl, sift together the flour and baking powder. Add the chopped walnuts and mix together with the help of a spoon.
- 6 Add the flour mixture to the batter and beat again until all ingredients are well-combined.
- 7 The dough will look more like a batter. Refrigerate for atleast 2 hours to prevent the cookies from spreading too much while baking.
- **8** Pre-heat your oven to 180 degrees Celsius and line your baking tray with parchment paper.
- 9 Use a cookie scoop (or ice-cream scoop would work just as well), to place equal sized cookies on your baking tray.
- 10 Bake for approximately 15 minutes or until the edges of the cookie turn hard.
- 11 Allow the cookies to cool on baking tray for approximately 5 10 minutes and then transfer them to your wire rack to cool completely.
- 12 Once the cookies have cooled, sprinkle with icing sugar (optional).
