Recipe: Rich and Sweet Pumpkin Pie

Ingredients

For the pastry:

170g plain flour

Salt

100g butter

30g golden caster sugar

1 egg

For the filling:

1 pumpkin (about 750g when prepared)

130g golden caster sugar

1 teaspoon of cinnamon

Half a teaspoon of ground ginger

Half a teaspoon of allspice

Whole nutmeg

2 large eggs

150 ml evaporated milk

Icing sugar

Preparation

1. Preheat the oven to 200 degrees, or 180 degrees fan oven. Grease a 22cm flan tin with a loose bottom.
2. To make the pastry, sieve the flour into a large bowl and add a pinch of salt. Cut the cold butter into very small pieces, or grate it, add it to the flour and rub in well until it resembles breadcrumbs. Add the sugar and stir in. Beat the yolk of
- 3 you may not need all of the water. Wrap the dough in cling film and chill it in the fridge for about 30 minutes.
- 4 3. Roll out the pastry on a floured surface and use to line the prepared tin. Prick the bottom of the pastry, or use baking beans, and bake for about 25 minutes before removing from the oven.
- 5 4. Remove the tough skin and the seeds from the pumpkin, then chop it into chunks. Steam for 15-20 minutes, until the pumpkin is soft and tender. Pulse in a blender until smooth, then press through a sieve into a bowl to make a puree.

- 6 5. To make the filling, add the sugar, cinnamon, ginger and allspice to the pumpkin, along with a few gratings of the nutmeg, and mix well together. If you don't have whole nutmeg, use a half to one teaspoon of ground nutmeg instead. Whisk the eggs i
- 7 6. Pour the mixture in to fill the pastry case then bake in the preheated oven for about 40 minutes, until the top is a lovely orangey brown and the filling has set. Allow to cool before removing from the tin. Dust the top with icing sugar, mixed wit
- 8 Notes:
- 9 If you can't find pumpkin, butternut squash works well instead. Some recipes suggest roasting the pumpkin rather than steaming.
- 10 You could replace some of the sugar with maple syrup.
- 11 I like the flavour of the pie using evaporated milk, but you could try using cream or whole milk instead.
- 12 You could fill a ready-made pastry case instead of making your own, although I think homemade pastry always tastes better if you have the time.

Cooks Note

This rich, sweet dessert is a favourite in the United States, especially on Thanksgiving and at Christmas, but is less well known in the UK. I baked it for the first time this week, and it really is delicious!

Pumpkins are readily available just now, so why not try baking pumpkin pie as part of your Halloween celebrations this year? Make sure you buy one of the smaller pumpkins, labelled "for culinary purposes", so that it gives you the smooth textured filling for the pie; the bigger ones are great for carving into lanterns, but the flesh could be a bit stringy.
